📍 Beni Mellal 🧭 All Morocco

FULLSTACK JAVA - ANGULAR DEVELOPER

Passionate and results-oriented developer specializing in Java and Angular. I have developed several applications using these technologies, which has allowed me to master the essential aspects of their integration and use in creating comprehensive and high-performance solutions. I am seeking a challenging position in a large organization where I can leverage my technical skills to succeed.

EDUCATION

Spring boot - Angular certification	University International of Rabat.	**2023 - 2024**
Bachelor's degree in computer science	Sciences and technologies Faculty of Beni Mellal.	**2019 - 2023**
High school degree in physical science	Hassan 2 in Beni Mellal.	**2018 - 2019**
